

TRADE LINE 240M

M-Class Vacuum

NEW

COMPLIANCE

Meets Clean

Numatic

Delivering outstanding performance, value and reliability with M-Class filtration.

There is a legal duty for employers to prevent or adequately control worker exposure to construction dust.

The NEW TradeLine TRM240 is an effective and affordable solution to ensure site compliancy where an M-Class product is required. Robust and durable, the TRM240 provides everything you expect from a trusted brand, whilst significantly reducing exposure to dusts which are hazardous to health.

Advanced Filtration

M-Class compliant, the long-life and washable HEPA filter provides the most advanced filtration of 99.995% at 0.3 microns.

Built to Last

Made for tough with long-life 620W motor proven to last many, many years.

Powerful & Efficient

Patented AirFlo technology brings exceptional performance.

Ease of Transit

Compact size, the TRM240 is easily stored and manoeuvred from van to site.

A Tool for Every Job

Professional and versatile AS76 accessory kit and Stainless Steel tube set.
